V. Read the passage carefully and then do the task below.(2 marks)

Miss Richards was a teacher at a school in England. She taught chemistry and physics from the lowest to highest classes in the school. Sometimes the new classes learnt quickly, but sometimes they were very slow, and then Miss Richards had to **repeat** things many times. One year, the first class had studied chemistry for several weeks when Miss Richards suddenly asked "What is water?" There was a silence for a few seconds, and Miss Richards felt sad, but then one of the boys raised his hand. He was not one of the most intelligent students in the class, so she was glad that he could answer "Water is a liquid which has no colour until you wash your hands in it," the boy replied.

Choose the best answer for each sentence: (1 mark)

1. The boy who answered the question was _____.
    A. not the tallest students in the class.   B. not one of the best students in the class.
    C. one of the most intelligent students in the class.   D. one of the laziest students in the class.

2. Which of the following statements is NOT true about Miss Richards?
    A. She taught natural science subjects.   B. She only taught the highest classes.
    C. Her new class sometimes learnt slowly.   D. Her question in the passage was in chemistry.
